A NOUNCEMENT.

A Down town agency of the University Medicines.

We have taken the agency for the sale of the new and popular Health Restoratives. The "University Medicines" are evidently destined to become the remedies of the day. Already their sale is more extensive than that of any medicines. Thousands of physicians and patients are using them with a success bordering on the thaumaturgical. Painful and exhausting complaints, which resist all other methods of treatment, are cared by them almost instantaneously. If on trial they are not found to be the most rapid and enhanced in the care of the same on the face of the earth they will be formished free. They stand on their merits alone. Illustrated descriptive books free to all. Once day and night.
